"Not all medicine comes in a bottle"

Have you ever met a furry, four legged wet nosed therapist? As a matter of fact you may be living with one already.

If you are interested in giving back to your community and taking the beautiful bond you have with your dog to an entirely different level, you should definitely come to the Introductory Handler Training Seminar.

Mid South Therapy Dogs & Friends is on a search for potential therapy dog teams.

Our goal is to help you learn the skills to become the very best therapy dog team possible. Please join us on April 24th to learn more. This one hour seminar is an overview of therapy animal work and is designed for the potential handler. *Animals do not attend.* We will focus on:

- > Introducing Delta Society's Pet Partner® Program
- > Becoming a registered therapy team
- > Meaning of the term Animal-Assisted -Interactions (AAI)
- > Responsibilities of a therapy animal team
